

CIES2021 Submission Instructions for Roundtable Session

Online Submission Deadline: October 14th, 2020, 23:59 hrs, EDT.

What is a Roundtable?

A roundtable includes a space for groups or research teams already formed or formed ad hoc to debate and present their progress or results on research or on topics of concern.

One organizer submits three or four individual roundtable contributions in one submission. The individual presenters' contributions should be united by a common topic or theme. In this session, each presenter gives a short presentation, followed by collective discussion with other conference attendees. Roundtable group session proposals should also designate a chair whose role is to facilitate interaction and participation. The discussant is not mandatory, but highly recommended.

Before you begin, please note: You will not be able to save a proposal in the system in order to continue working on it at another time. You must first submit the proposal and then you will be able to edit it. When you have submitted it correctly, you will see a confirmation message on your screen, and you will receive an email. You will be able to edit the proposal until the deadline of **October 14th, 2020, 23:59 hrs, EDT.**

65th Annual Conference of the Comparative and International Education Society

CIES 2021 Seattle
Social Responsibility Within Changing Contexts
Seattle, Washington, April 25 - 29, 2021

As we enter the third decade of the 21st century, we see rapid changes in political, economic, environmental, cultural, and social spaces, including new non-state actors who are now more involved. These changes influence education globally and locally. This calls for revisiting the relationships among context, actors, visions, and action, and our own collective social responsibility. Contextual changes include the global sharing of cultural values, a refinement of neoliberal economic and political agendas, and the acceleration of environmental challenges. In addition, we recognize a narrowing of the purpose of education toward economic outcomes, particularly as they are framed discursively in policy and practice, and the prioritization of technological innovations over other forms of learning. Alongside and within these changing contextual processes, values, and conditions are new actors in the education and development arena, including corporations, corporate philanthropies, celebrities, and billionaires, and perhaps the emergence of new social movements. What are their agendas and processes? How do they do the work they do? How are lives consequently affected? How does education actors, along with their theories of action? How do they do the work they do? How are lives consequently affected? How does social responsibility – of corporate entities, governments, development organizations, communities, and researchers – interact with these changing contexts, the growing range of actors, and evolving visions and approaches to education globally and locally?

Note on Submission Limit
In order to promote wide participation, only one submission per presenter is allowed for either an individual presentation (Formal Paper, Roundtable Paper, or Poster) or for group presentation (Formal Panel or Roundtable Session). After you have been submitted as a presenter, the online submission system will automatically disable the option to submit additional papers, panels, roundtables, or posters (as a presenter). However, submissions in other formats do not count towards the submission limit. Participants may also be listed more than once in the conference program as a co-author (non-presenter), organizer, chair, or discussant. They will also be able to participate in a Pre-conference workshop, Book launch, Art Exhibit and/or NSC Workshops. If you have questions about submission via the online system, please contact: cies2021@cies.us.
