What is an individual roundtable presentation?

Roundtable sessions allow for enhanced research collaboration and substantive discussion among participants. Proposals for roundtables submitted by individual authors may be formed into a roundtable discussion with other submitters.

Individual proposals are evaluated by a blind peer review, and if they are accepted, the Unit Planners combine them with other individual roundtable submissions to create a roundtable session.

Before you begin, please note: You will not be able to save a proposal in the system in order to continue working on it at another time. You must first submit the proposal and then you will be able to edit it. When you have submitted it correctly, you will see a confirmation message on your screen, and you will receive an email. You will be able to edit the proposal until the deadline of October 14th, 2020, 23:59 hrs, EDT.

Step 2: Select “Submit a Proposal”.

Step 3: Select “Submit Proposal to General Pool, SIG, or Committee”.

Step 4: Select “General Pool”, a SIG, or a Committee.
Step 5: Under “Individual Presentation”, select “Refereed Roundtable Presentation”.

Step 6: Select “Yes” to the proposal submission policies, enter roundtable Title and Proposal information, and select Keyword(s) and Type of Research (that information is mandatory). Language other than English, Abstract in another language, Geographic Descriptors, Other Geographic Descriptor and Additional Information are optional. Then click on “Accept and Continue” when finished. The roundtable title must be in mixed case (not all caps).

Step 7: You should automatically be the selected author of the paper for a roundtable and should be a “Presenter”. You can remove it in case you were not the presenter just by selecting “remove”. To find co-presenters or Non-presenting author of the paper, write their last names (or part of it) in the box, and click on “Search for Author” (Step I), look for the co-author under his/her last name, and select “Add Non-Presenter” or “Add Presenter” close to the name (Step II). When completed, click on “Accept and Continue” (Step III).

Note: If you do not find a person(s) in the list, this is because they are not in the database. In that case, you have to select “Add Unlisted Author”, complete all the information, and then click on “Accept and Continue”. Press “Accept and Continue” again.

Step 8: Review the information, edit as necessary, and then click on “Accept and Continue”.
